

## HELIUM TECH INFO

### sofas

HELIUM is a sofa program with very generous dimensions fit for interior areas which need a modern differentiated image.

Diseñador	<b>Henrik Sørig</b>
<b>INTRO</b>	<ul style="list-style-type: none"> <li>✓ Sofa program which offers 2 / 4 / 6 seaters in sofas and ottomans</li> <li>✓ This program presents 3 different sofa sizes and it is a product which matches perfectly for hotels, offices and big waiting areas.</li> <li>✓ The main drivers in the development of this sofa program have been a minimalist look, a light and modern image and a sophisticated design. Furthermore the combination of a low height and an optimal backrest inclination makes the seating experience very pleasant.</li> </ul>
<b>MATERIALS &amp; FINISHES</b>	<ul style="list-style-type: none"> <li>✓ Seat of 160 mm thickness and rectangular backrest of 100x200 mm</li> <li>✓ Internal wooden seat structure made of 19mm thickness. Rectangular wooden backrest of 60x160mm</li> <li>✓ The base in which the legs are joined and backrest is fixed is made with an L shaped steel structure which gives a very solid construction and furthermore is easy to dismount.</li> <li>✓ The L shaped steel structure measures 70x10mm and is painted in black epoxy</li> <li>✓ The rectangular steel piece measures 40x15 mm and 50x12 mm</li> <li>✓ The leg structure is finished in shiny chrome</li> <li>✓ Seat with high density foam of 35 FM (35 kg/m<sup>3</sup>, high recovery capacity and good adapting performance)</li> <li>✓ Backrest with high density foam, 40 Kg/m<sup>3</sup> (outer part) and 30 Kg/m<sup>3</sup> (inner part).</li> <li>✓ The thickness of seat foam is 140mm</li> <li>✓ The sofas and ottomans can be upholstered in full grain leather, natural genuine leather, ecological leather or other finishes by demand</li> </ul>
